

MATERIAL SUBSTITUTION REQUEST

Jered Part #		MSR #	
Drawing/Find #		RFQ/PO#	
Supplier:		Date	
Supplier Contact:		Project/Proposal #	
Buyer/Estimator:			

Material By Drawing:

Requested Substitute Material :
Spec and Material Grade:
Has material been procured? Yes or No – if yes must attach Material Cert

For multiple parts affected use sheet 2

Justifications for Substitution

- Material spec no longer in production.
- Excessive lead time for required material.
- Required material has minimum buy qty.
- Different Spec but identical properties.
- Material out of stock from supplier.
- Excessive cost.
- Other

Have all avenues of procurement been exhausted? Yes No

For Engineering Use Only Below This Line

Will an ECO prevent this same MSR in the future? Yes ECO # No

What are the relevant processing steps? Weld Machine Finish Burn

Manufacturing Engineer Approval Needed? Yes No

Manufacturing Engineer Approval

Is Customer Approval Needed? Yes No

Design Engineering Approval

Additional Approval

Reason for Disapproval:
